Millani

Your ESG integration
partner in capital markets

Junior ESG Consultant

Millani is the leading ESG advisory firm in Canada, headquartered in Montreal, providing advisory services to investors on how to integrate ESG considerations into their investment and reporting processes. As well, we advise companies on how to identify, articulate and disclose their financially material ESG topics to investors and other financial stakeholders. We are uniquely positioned to build bridges between both the investment community and corporate issuers.

We are currently looking for a ***Junior ESG consultant*** to join our growing team.

Your role:

- Conduct data collection and research on clients' and peers' positioning, current market trends, disclosure of ESG topics, and other related topics
- Participate in collaborative brainstorming sessions to identify and present recommendations
- Summarize and analyze information collected to support advisory services
- Organize and format information in a visually compelling manner to facilitate communication and transmission of deliverables to clients

Your profile:

- Bachelor's degree in Commerce, Finance or a related area
- Proven interest in the capital markets and/or financial sector, ESG/responsible investing and/or sustainability
- Courses in sustainability or responsible investing an asset (SASB FSA, SIPC, CFA ESG)
- Climate change knowledge an asset

Your competencies:

- Bilingual in English - French, written and oral
- Strong analytical and critical thinking skills
- Excellent communications skills, written and oral
- Proficiency in using Microsoft Office, especially PowerPoint
- Ability to work both independently and in a team environment
- Sound work ethic and capacity to meet tight deadlines

Term of mandate: Full-time. Anticipated starting date April / May 2022.

We invite interested candidates to forward their resumes, along with a one-page cover letter to info@millani.ca by April 29th, 2022.

Only selected candidates will be contacted.
